

Mitchell Barnett, A.I.A., is a highly respected, innovative, diverse architect capable of capturing your vision and turning it into a reality. Our firm specializes in a variety of architectural styles. Our staff of 10 experts assures our clients they will have a specific, detailed design of their home. You can be certain that every exterior and interior material is specified during the design process. At Mitchell Barnett Architect, P.C., we assist in the evaluation and selection of property for your new home's construction. You can also rely on us to serve you in these important areas:

- Assist in the research and prequalification of builders
- Assist in the bidding process for your home, with both the builder and the building product representatives
- Assist in the evaluation of products and materials for best use in your home
- Assist in all exterior color selections
- Have our in house project manager be a strong ally for you, our client, representing and maintaining your desires and best interest during the building process.
- Provide construction administration that ensures compliance with architectural plans, specifications and design intent through coordination with general contractors and subcontractors.
- In-house interior design services

Mitchell Barnett is a member of the American Institute of Architects (A.I.A), which is a professional organization open only

to licensed architects. The A.I.A. promotes, establishes and requires the highest technical, ethical and professional standards of its members. As well, Mitchell Barnett is certified by the National Council of Architectural Registration Boards (NCARB) which qualifies and enables him to practice architecture through the United States. Currently Mitchell Barnett, A.I.A. is licensed to practice in the following states: Tennessee, Georgia, Kentucky, North Carolina, and Florida.
